#### ZANGARA MAY YET FACE TWO MORE CHARGES

Will Depend on Recovery or Death of Cermak and Mrs. Gill

MIAMI, Fla., Feb. 21.—Attorney for Giuseppe Zangara will confer today regarding a motion for new trial for the man who yesterday was sentenced to 30 years imprisonment for his attempt on the life of President-Elect Roosevelt and five other persons.

MIAMI, Fla., Feb. 21.—The 80 years in prison that Giuseppe Zangara faces as a punishment for his attempt to assassinate President-Elect Roosevelt last week, may give way to a much heavier penalty. Two more charges hang over the defiant, little immigrant today. The sentences of these charges will depend upon the recovery or death of two victims of his gunfire—Major Anton Cermak, of Chicago, and Mrs. J. H. Gill, of Miami. Mrs. Cermak was killed "comfortably as could be expected" early today. Mrs. Gill was said to be coming along nicely. Officials have indicated Zangara will be tried for assault with intent to murder in the case of Mrs. Cermak, and for murder in the charges which carry the same 30-year maximum each as those to which he pleaded guilty yesterday. The maximum prison term this could be as much as 120 years.

# Franklin Town Again Warned of Rockslide

## Mountain Peak Is Threatening Slides On 2 Settlements

**Fears Felt for Safety of People in Centre Where 66 Lost Lives in Horror Avalanche in 1903.**

CALGARY, Feb. 21.—Reports here said the Alberta department of public works had issued a warning to residents of the Turtle mountain district in the Crow's Nest Pass area that a slide of the mountain might occur in the next three months. Frank, west of a slide in 1903 that cost three scores lives, was reported to be within the danger area.

FRANK, Alta., Feb. 21.—Runners two towns in the Crow's Nest Pass were threatened by burial under a rock slide from Turtle Mountain were displaced last night although no damage was made as a dozen houses lay in the pathway of the tumbling rock should it be released. The mountain peak by departure of rock.

In 1903, 66 persons were killed as rock covered the town of Frank, situated at the foot of Turtle mountain and at that time a thriving centre of the pass. The slide was shifted a mile to the north and out of the danger zone. The mountain was reported to be in the pathway of the tumbling rock should it be released. ## BANK HOLIDAY ENDS TONIGHT

LANSING, Mich., Feb. 21.—Governor William A. Cockett announced that the bank holiday would end tonight. The holiday was proclaimed to permit Michigan banks to re-open for restricted withdrawal.

The new proclamation, Governor Cockett said, was issued at midnight, but the banks will not be permitted to open until tomorrow morning. The holiday was proclaimed to permit Michigan banks to re-open for restricted withdrawal.

DETROIT, Feb. 21.—Michigan's extraordinary bank holiday ends officially tonight at midnight, but the banks will not be permitted to open until tomorrow morning. The holiday was proclaimed to permit Michigan banks to re-open for restricted withdrawal.

After informing a definite announcement would be forthcoming tonight, the Governor postponed it until the date of the holiday, when the state senate failed to act upon the bill. The Governor's own resolution directed to grant a holiday to the banks.

## Predict Epidemic Of Kidnappings If Ransom Money Paid

DENVER, Feb. 21.—A. C. Clark today predicted a wave of kidnappings in Denver and Colorado if payment of \$50,000 ransom money was made to the kidnapers.

Clark, who is in the Colorado family, through Claude K. Souter, the victim's father, has broken with police and refused to reveal names and taken they said they were refused to believe even from the 21-year-old brother and his wife.

Despite promises of police the father is carrying on private negotiations with the kidnapers, promising them non-interference by police in return for ransom.

## POLICE FIGHT JOBLESS, REDS AT ANCOUVER

Two Constables Badly Injured in Battle at C.N.S. Pier

VANCOUVER, Feb. 21.—Two constables were injured, several others slightly hurt and scores of rioters suffered from the effects of police batons here last night when the city and Royal Canadian Mounted police battled with several hundred unemployed men and communists in a riot which broke out in the vicinity of the Canadian National pier.

The rioters were endeavoring to board the steamer for the north coast when they were met by police. The rioters were endeavoring to board the steamer for the north coast when they were met by police.

During a melee, mounted constable John Barker suffered a broken ankle when his mount slipped and fell on him. The police officers were on duty for the riot.

St. Paul's officers from city and R.C.M.P. force staged a desperate battle with the demonstrators. Several were slightly injured by stones or bricks while others were injured by police batons.

# Roosevelt Holds Debt Discussion With Sir Ronald

**New Secretary of State  
Will be in Attendance  
Next Meeting**  
By FRANCIS M. STEPHENSON  
Associated Press Staff Writer  
NEW YORK, Feb. 21.—Resump-

tion of war debts discussions Monday by President-elect Franklin Roosevelt and Ambassador Sir Ronald Lindsay of Great Britain led the two statesmen into the broad field of world economics.

A carefully drafted statement given out by Mr. Roosevelt after his departure from Ottawa on Feb. 2, in the closely guarded Roosevelt home on East 65th street, disclosed only that much. But it was believed to point to an early World Economic Conference in all the capitals.

The president-elect of the United States arranged for another early meeting with Mr. Bonald, who returned here Monday with the latest high level contacts.

**SECRETARY OF STATE.**

He also prepared to announce his plans for a meeting, which he believed to be Senator Hull of Tennessee—so that he and Sir Ronald could confer immediately.

The net result of the second Roosevelt-Lindsay meeting was that the secretary of state machinery required to bring about a readjustment of the world econ-

omies installed at the White House on March 4 a new policy will be inaugurated, the linking in, free exchange of primary commodities between the Dominion and the United States.

"Two events of the near future will have an important bearing on the diplomatic discussions. The first will be the approaching departure of the Prime Minister, Mr. MacDonald and Right Hon. Neville Chamber-

debts were discussed.

Resumption of the conversations will take place at an early date. Mr. Roosevelt will ask the new secretary of state when the choice is announced in order unofficially on the same subjects."

Asked if the words "other situations" referred to the Far Eastern crisis, he again pointed to the written statement and replied: "It says other situations and that is

## Returned Tourists Give a Strong Display Here in First Appearance this Season.

By BILL LEWIS

Making their debut on home ice for the current season, a triumphant company of the West Coast could offer in the way of hockey teams. Superiors swung into play for the Allan Cup, representative of the senior amateur hockey champions of the Dominion, by scoring a 4-0 win over Imperials in the first game of the three game series for the city championship and the right to meet the winner of the Drumheller-Calgary Bronks series for the provincial title.

One goal in the first two in the second and one in the third period gave the Superiors their win. The second game will be played at the arena on Wednesday and a third game, if necessary, will be played on Friday.

The arena was in festive dress for the triumphant return of the city's conquering Superiors. It was all but a sell-out in the limit, with a hockey enthusiast crowd.

Imperials were first to appear and made only one exposure score. Superiors followed a moment later.

Cheers swayed upward in the risk that the make shift crowd took in the arena, gaining in momentum as the Superiors scored.

Figure skater last night by President Frank Ickert showed Bill Cook, the goalie, 19 assists for a total of 36 points. Next comes brother Bun with 33 points and 33 points made out of 30 goals and 13 assists. Northcott has 20 goals, 12 assists, 23 points.

**BUSHER CLIMBS**  
Scoring three goals in one game at New York during the week Harry "Busher" Jackson of the Toronto Maple Leafs jumped to a tie with Jimmy Graham, Canadian city league title Superiors, by reason of winning the championship last year and their splendid record which had been given a bye into the final.

Play opened fast with each opposing forward line going down, the Superiors' attack was under pressure from the defence. The pace was terrific, both squads tearing up and down the ice with lightning speed.

Came a tie and the front lines charged in for the goal.

**THE FIRST GOAL**  
With the "Three Brothers" in Imperial territory, George Cameron, the Imperial net, was downed, smothered the puck and a face-off to the side of his goal.

Harry Brown, at centre for Superiors, scored the first goal, breaking a scoreless tie.

On the night play the best team in the city, the Superiors, were playing strongly at all times. The Superiors unleashed a furious, speedy attack, which was met by the Imperials' defence and a defensive attack.

# TOO POOR TO MARRY

**W**HEN Janet Hill and Rolf Carlyle fell in love they agreed they couldn't be married until they had saved some money. It meant movies instead of theatres, bus rides instead of dinner dates. Saving was slow work.

And then Rolf met another girl.

**J**ANET'S problems were complicated when she lost her job . . . and found a new one. What happened makes "One I Love," by Laura Lou Brookman, an exciting, swift-moving serial. It tells the story of Janet and Rolf and a dozen other interesting characters. Watch for this new serial, with an Alberta Locale.

### CAMERON SEES DIRE DISASTER FOR FARMERS

Innisfail Member Calls for Showdown on Co-op. Party

Claiming that farmers today were either insolvent or nearly so and alleging that finances had reached a point in this province where a second hand motor car of the lowest price class was considered by farmers to be better security on a loan than an improved farm, Donald Cameron, U.F.A. Innisfail, in speaking in the debate on the Speech from the Throne in the legislature on Monday, stated that unless there was an immediate reduction of price levels, the populace would feel the depression to a greater extent than ever before.

Mr. Cameron, squarely facing D. M. Douglas, Conservative leader, took up the challenge of the latter, hunched across the floor of the house last week, that every U.F.A. member declare himself on his attitude toward the Co-operative Commonwealth Federation.

**HE'S IN PER CENT**

"I have no hesitation in making clear my position," he declared. "I am 100 per cent behind the C.C.F.F. As representative of a rural riding, Mr. Cameron claimed he would be remiss in his duty if he did not make some reference to the agricultural situation.

He quoted an instance of where a bank manager in this province had expressed himself to an applicant for a loan, as preferring a second hand auto as security, to an improved farm.

"Never before has the price level of farm products sunk so low as at present," he said. "About 50 per cent of Canada's purchasing power has been lost and this has been reflected in every line of endeavor." Figures showed that about 14 per cent of Alberta's population was on relief, while the rest of the people were living close to the line.

For many years to come, Alberta would be primarily an agricultural province and therefore, the people's property would be inseparable from agriculture.

**FARMERS' BIG WORRY**

Today the farmers' greatest worry was the keeping of a roof over his head. He contended that it was futile for farmers to attempt to pay their debts and carry on operations. Conditions simply did not permit this.

He gave several instances from his own experience to show the disparity in prices between farm produce and those products which the farmers themselves require.

He wondered whether, if tinna desired to better for Canadian difficulties in the way of such a scheme. He charged it was not correct, as alleged in some quarters, that labor costs were the determining factor in the high cost of manufactured goods.

Financiers, he said, were hanging onto an obsolete system in adhering to the gold standard.

**GROSS STUPIDITY**

Gross stupidity of governing bodies was largely responsible for the fact that many people were in want in this land so rich in resources. In the entire Dominion he estimated that 1,200,000 people in 10,000,000 population were on relief.

A fair distribution of the wealth that modern science and man's industry had placed at the world's disposal, was asked by the speaker.

There were some who argued that people should be allowed to perish, rather than violate sanctity of contracts. Otherwise, why should there be such a rush to cut down on all sides?

Salaries were being cut, pensions and allowances being reduced and as all sides, services were being lowered.

"But the thousands of finance decried that no hand should be laid to the heaviest burden of all—capital debt interest," he said. "Fully 40 per cent of our estimated revenue for last year will go in payment of interest charges."

### HOADLEY SEEKS AGRIC. PROBE

Unanimously adopting a motion moved by Hon. George Hoadley, minister of agriculture and health, the legislature on Monday decided to call together the agricultural committee of the house to inquire into the whole subject of agriculture.

The minister was the only speaker in the motion.

He urged the calling of the committee to inquire into matters pertaining to the present condition of agriculture with a view to suggesting any possible ways and means of assisting the industry to regain stability.

He would have particular attention paid to the organization and the disorganization of the Department of Agriculture and the need for adjustment of the various departments and plans for assisting in the liquidation of debt or otherwise relieving the financial condition of the various sections of the people in the light of prevailing conditions.

Relief of private farmers will be another matter, however. The heading will include proposals for the reduction of wheat acreage and the desirability of calling an international conference of wheat-exporting countries to consider some proposals for the improvement of marketing conditions for wheat, livestock and dairy products, and proposals for the establishment of expert marketing boards or for otherwise improving the domestic price of farm products.

**NEATTLE WOMEN ARRESTED**

SEATTLE, Feb. 21.—Twenty-eight nightclubs, police Monday charged 28 men and women who were attempting to hold a downtown street demonstration in defiance of orders of Mayor John F. Drew. Three women, including a 19-year-old girl and six men, were arrested before the demonstration was dispersed.
